

safeblend™

Floor Stripper

TECHNICAL DATA SHEET

CODE : **FCSX**

Safeblend Floor Stripper safely, quickly and easily removes floor finish. It is not corrosive and is easily rinsed. Excellent for use with a mop or automatic machines.

DIRECTIONS FOR USE:

For best results, dilute with cold water using the recommended concentrations.

Conventional floor finish: Dilute 1:4 or 32 oz/gallon.

Environmentally preferable floor finish: Dilute 1:8 or 16 oz/gallon. Apply liberally to floor by pulling saturated mop out of bucket and flooding the floor. Let stripper solution work for 10 to 15 minutes. Rewet the floor if some spots seem to be drying. After dwell time, agitate with mop or floor machine (175 rpm and a stripper pad). Along baseboard where accumulation is greater, use a swivel utility pad. Pick up stripped finish before it dries with a wet vacuum or with a mop. Rinse with liberal amounts of cold clean water until all residues have been eliminated.

NOTE: In order to conserve energy, please use unheated tap water for all dilutions. The amount of product used should not be in excess of that required to achieve its intended technical effect. Do not let product spoil food, feed or potable water during use. Rinse all food contact surfaces with potable water before reuse.

STORAGE: Keep in a tightly sealed container in a well-ventilated room. Do not store on surfaces that may come into contact with food products. Keep from freezing.

PHYSICAL PROPERTIES:

Boiling Point	212 °F
Specific Gravity (H2O = 1):	1.018 at 68 °F
% Volatile (Wt %):	90
Solubility in Water	Complete
pH (as supplied)	< 12.5
Physical State	Liquid
Viscosity	< 100 cps at 77 °F
Flash point:	> 200 °F
Appearance and Odor	Amber liquid, no fragrance

GHS: Not classified

Toxicity: Non-toxic to humans and animals (LD50>0.8 Oz/Lbs). Non-toxic to aquatic life using recommended dilutions (LC50≥0.014 Oz/GALLON).
