

## Don't get burned Safeblend Oven and Grill Cleaners

Safeblend Oven and Grill Cleaner are formulated to quickly and safely clean hot plates, fryers, commercial ovens, grills and BBQs with or without Teflon coatings. It easily removes burnt on grease and carbon using an advanced non-corrosive technology. All without the need for gloves or personal protection equipment.

Code : GCXX

Consumers are becoming increasingly educated about health and environmental concerns and faster to voice both their displeasure and praise regarding their experience. This is especially true in foodservice establishments where cleanliness, health and sustainability has become an even more important part of establishing and protecting your establishment's image, your employees' health, your equipment, and keep customers coming back.

Code : GUTO
