

Don't get burned

Safeblend Oven and Grill Cleaner - Gel

Safeblend Oven and Grill Cleaner Gel is formulated to quickly and safely clean hot plates, fryers, commercial ovens, grills and BBQs with or without Teflon coatings. The gel texture makes it specifically well suited for vertical surfaces. It easily removes burnt on grease and carbon using an advanced non-corrosive technology. All without the need for gloves or personal protection equipment.

Consumers are becoming increasingly educated about health and environmental concerns and faster to voice both their displeasure and praise regarding their experience. This is especially true in foodservice establishments where cleanliness, health and sustainability has become an even more important part of establishing and protecting your establishment's image, your employees' health, your equipment, and keep customers coming back.

- Clings to vertical surfaces to attack burnt on grease and carbonization
- No harmful vapours
- Safe and easy to use
- Rinses easily
- Tangerine oil fragrance
- Suitable for use in food plants in Canada
- EcoLogo certified UL 2759

GREEN CLEANING PROGRAM
