 - Carpets
 - High touch surfaces
- Wallcharts, identified spray bottles and dilution systems available for safety, efficacy and cost control

• FOOD SAFETY

- Keep food preparation surfaces clean and sanitized
- Disinfectants and sanitizers to reduce risk of foodborne illnesses
- Proper hand hygiene for employees and patrons
- Reduce the risk of cross contamination

A CLEAN BUSINESS IS A HEALTHY BUSINESS

Consumers are becoming increasingly educated about health and environmental concerns and faster to voice both their displeasure and praise regarding their experience. This is especially true in foodservice establishments where cleanliness, health and sustainability has become an even more important part of establishing and protecting your establishment's image and keep customers coming back.

Chemotec is a manufacturer of liquid and powder cleaning products, serving the **Janitorial**, **Industrial** and **Foodservice** industries since 1955. We pride ourselves on providing high quality, innovative products supported with unequalled customer service, marketing tools and attention to our customer's needs.

Our product assortment includes floor care, cleaners and degreasers, disinfectants, odour control, window cleaners, carpet care, hand soaps, laundry detergents and a complete line for kitchen hygiene.

In 2005, we launched our **Safeblend** line of green cleaning products and we continue our commitment to making products that are environmentally preferable and sustainable.

- Available for lotion and foam soaps
- Available for cartridge or bulk fill

DILUTION CONTROL SYSTEMS

- Eliminates over-use of chemicals to ensure the lowest possible cost per use
- Eliminates under-use of chemicals avoiding more work and higher labour costs
- Easily identifiable colour coded product selector
- Reduces chemical contact during mixing and pouring by hand
- Easily and accurately blends concentrates and dispenses ready-to-use cleaning products
- Consistently blends accurate dilutions for proven cleaning performance
- Customizable dilution ratios blend concentrates to meet your specific cleaning needs

SAFEBLEND cleaning products are advanced cleaning solutions designed to offer a safer solution for the environment and for you. We believe cleaning should be safe for people and our planet. Our commitment is to use new and safer technologies to produce high performance cleaning solutions that respond to environmental, health and safety concerns. **SAFEBLEND**'s products are biodegradable according to OECD 301, and packaging contains post-consumer recycled content.
