

## STRIPPER CONCENTRATED

### TECHNICAL DATA SHEET

CODE: **FCSX**

Safeblend Floor Stripper safely, quickly and easily removes floor finish. It is not corrosive and is easily rinsed. Excellent for use with a mop or automatic machines.

**DIRECTIONS FOR USE:** For best results, dilute with cold water using the recommended concentrations. Conventional floor finish: Dilute 1:4 or 250 mL per litre. Environmentally preferable floor finish: Dilute 1:8 or 125 mL per litre. Apply liberally to floor by pulling saturated mop out of bucket and flooding the floor. Let stripper solution work for 10 to 15 minutes. Rewet the floor if some spots seem to be drying. After dwell time, agitate with mop or floor machine (175 rpm and a stripper pad). Along baseboard where accumulation is greater, use a swivel utility pad. Pick up stripped finish before it dries with a wet vacuum or with a mop. Rinse with liberal amounts of cold clean water until all residues have been eliminated.

**NOTE:** In order to conserve energy, please use unheated tap water for all dilutions. The amount of product used should not be in excess of that required to achieve its intended technical effect. Do not let product spoil food, feed or potable water during use. Rinse all food contact surfaces with potable water before reuse.

**STORAGE:** Keep in a tightly sealed container in a well-ventilated room. Do not store on surfaces that may come into contact with food products. Keep from freezing.

PHYSICAL PROPERTIES	
Boiling Point:	100°C
Specific Gravity (H <sub>2</sub> O = 1):	1.02 at 20°C
% Volatility (w/w):	28 - 31
Solubility in Water:	Complete
pH (as supplied)	< 12.5
Physical State:	Liquid
Viscosity:	<100 cps at 24°C
Flash point:	>93°C
Appearance and Odour:	Clear liquid, fragrance free

<b>GHS Class :</b> D2B	<b>CFIA:</b> Accepted
<b>Toxicity :</b> Non-toxic to humans and animals (LD50 > 9,000 mg/KG). Non-toxic to aquatic life using recommended dilutions (LC50 ≥10 mg/L).	

**Certified EcoLogo**  
UL 2759

-  Non-Toxic
-  Biodegradable OECD 301
-  Non-Corrosive to eyes or skin
-  Phosphate free
-  No ammonia
-  No bleach
-  No APE's, NPE's, NTA or EDTA
-  No Carcinogens
-  Not regulated by Transport or Dangerous Goods Regulation (TDG)
-  Effective in cold water
-  Reduce. Re-use. Recycle.
-  All of our containers are fully recyclable
-  Our boxes contain at least 50% recycled fibre
-  Our 4L bottles are made with at least 25% post-consumer waste
-  Our labels use FDA approved vegetable based ink
