

OVEN AND GRILL CLEANER

TECHNICAL DATA SHEET

CODE: **GCXX**

Safeblend Oven & Grill Cleaner is formulated to quickly and safely clean hot plates, fryers, commercial ovens, grills and BBQs with or without Teflon coatings. It easily removes burnt on grease and carbon using an advanced non-corrosive technology.

DIRECTIONS FOR USE: For best results, dilute using the recommended dilutions. **Hot plates, Grills & BBQs:** Pre-heat surface to 80°C (180°F). Using 1:1 or 500 ml per litre, apply cleaner liberally to surface. Let stand for 30-60 seconds to allow maximum penetration. Occasional use of a scrubbing pad will speed up cleaning. Wipe clean using a clean damp cloth, brush or scouring sponge. Rinse with potable water. Wipe dry. Apply a thin coat of cooking oil to prevent rusting. **Commercial Ovens:** Spray product undiluted to all surfaces to be cleaned. Let stand: the longer the wait period, the less scrubbing required. Scrub with scouring sponge or nylon scrubbing pad. Rinse with potable water. Wipe dry. **Deep Fryers:** Drain and wipe, removing all excess grease. Fill-up with water, to 10 cm from top. Using 1:40 to 1:20 or 25 to 50 ml per litre, add Safeblend Oven & Grill Cleaner. Bring to boil and let soak for 30 minutes. Drain and rinse with water. Scrub and rinse as required while still hot. Rinse with potable water. Wipe dry.

NOTE: In order to conserve energy, please use unheated tap water for all dilutions. Rinse all food contact surfaces with potable water before reuse. Do not let product spoil food, feed or potable water during use. The amount of product used should not be in excess of that required to achieve its intended technical effect.

STORAGE: Keep in a tightly sealed container in a well-ventilated room. Do not store on surfaces that may come into contact food products. KEEP FROM FREEZING

PHYSICAL PROPERTIES	
Boiling Point:	100°C
Specific Gravity (H2O =1):	1.072 at 20°C
% Volatile (w/w):	0
Solubility in Water:	Complete
pH (as supplied)	11.5 - 12.0
Physical State:	Liquid
Viscosity:	<100 cps at 24°C
Appearance and Odour:	Colourless liquid, fragrance free. Colour may vary due to the natural source of our ingredients.

GHS Class : D2B

CFIA: Accepted

Toxicity : Non-toxic to humans and animals (LD50 > 9,000 mg/KG, LC50 > 20 mg/L). Non-toxic to aquatic life using recommended dilutions (LC50 ≥100 mg/L).

Certified EcoLogo
UL 2759

- Non-Toxic
- Biodegradable OECD 301
- Non-Corrosive to eyes or skin
- Phosphate free
- No ammonia
- No bleach
- No APE's, NPE's, NTA or EDTA
- No Carcinogens
- Not regulated by Transport or Dangerous Goods Regulation (TDG)
- Effective in cold water
- Reduce. Re-use. Recycle.
- All of our containers are fully recyclable
- Our boxes contain at least 50% recycled fibre
- Our 4L bottles are made with at least 25% post-consumer waste
- Our labels use FDA approved vegetable based ink
