CHEMOTEC

TECHNICAL DATA SHEET

V-ROSE

Pink liquid dish detergent

DESCRIPTION:

This high-quality concentrated detergent is specially formulated to eliminate grease on contact, yet it is gentle on hands. Perfect for hand washing all tableware, pot and pans, counters, walls, floors, glass, mirrors, wood, vinyl, painted surfaces, or as a car wash.

- **PHOSPHATE FREE · KOSHER**

DIRECTIONS:

FOR BEST RESULTS:

HAND DISHWASHING: Dilute detergent in warm water. Soak the dishes in the solution. Clean with a cloth or scouring sponge. Rinse thoroughly and wipe dry with a clean cloth.

GENERAL CLEANING: Dilute detergent in warm water. Moisten cloth, sponge or paper towel with detergent and wipe soiled surface clean. Rinse thoroughly and wipe dry with a clean cloth or paper towel.

All surfaces subject to direct food contact must be thoroughly rinsed with potable water.

PHYSICAL PROPERTIES:

Boiling Point	(°C): 100
Specific Gravity	(H_2O = 1): 1.015 at 20° C
Vapor Pressure	(mm Hg): N/A
% Volatile	(Wt %): < 1%
Vapor Density	(Air = 1): N/A
Evaporation Rate	(Water = 1): < 1
Solubility in Water	Dispersible
pH (sol. 1%)	5.8 – 6.8
Physical State	Liquid
Viscosity	850 - 1000 cps at 20° C
Appearance and Odor	Pink opaque liquid with perfumed odour
Odor Threshold (ppm)	N/A

TDG CLASSIFICATION: Not regulated.

WHMIS CLASS: Not regulated

STORAGE: Keep in original, tightly closed containers. Avoid freezing.

Chemotec (P.M.) Inc, 5800 Ontario E., Montreal, Quebec, H1N 0A2.
