

SAFEBLEND OXY-BLEND SPRAY AWAY

TECHNICAL DATA SHEET

FRAGRANCE FREE - CODE : **XRXX**

Safeblend Oxy-blend Spray Away Stain Remover and Deodorizer uses hydrogen peroxide power to safely and effectively remove organic stains from carpets and upholstery. No scrubbing, rubbing, blotting or rinsing required. Effective on blood, juices, urine, vomit, animal stains, feces, coffee, tea, tomato, ketchup, and sauces.

DIRECTIONS FOR USE: Remove all loose soils around stain. For best results, set sprayer to stream, spray stain sufficiently to completely wet surface. After spraying the stain, just allow it to dry. It may take between 24 and 48 hours to break down organic matter. For stubborn or embedded stains, please reapply. It is preferable to spray a larger area than the visible stain as stains tend to migrate outward; spray from the outside working your way towards center of stains. On deep pile carpets, use a clean rag or carpet brush to work OXY-blend into the carpet. Excellent for pre-treating stains before carpet extraction. Bonnet Cleaning: Spray product lightly on carpet and agitate with bonnet cleaner. No extraction is necessary. Clothing: Spray stains and allow to dry before putting clothes in laundry machine.

NOTE: Pre-test for colourfastness in an inconspicuous area of the carpet or fabric.

STORAGE: Keep in a tightly sealed opaque container away from sunshine in a well-ventilated room. Do not store on surfaces that may come into contact with food products. Keep from freezing.

SHELF LIFE: Typically has a shelf life of 3 years when properly stored according to label STORAGE instructions.

PHYSICAL PROPERTIES	
Boiling Point:	100°C
Specific Gravity (H ₂ O =1):	1.02 at 20°C
% Volatile (w/w):	0%
Solubility in Water:	Complete
pH (as supplied):	5
Physical State:	Liquid
Viscosity:	< 100 cps at 24°C
Flash point:	none
Appearance and Odour:	Clear liquid, no fragrance added

GHS Class: 2DB
CFIA: Accepted
Toxicity: Non-toxic to humans and animals (LD ₅₀ >10 000MG/KG, LC ₅₀ >20MG/L). Non-toxic to aquatic life using recommended dilutions (LC ₅₀ ≥100MG/L).

Certified EcoLogo
UL 2700

- Non-Toxic
- Biodegradable OECD 301
- Non-Corrosive to eyes or skin
- Phosphate free
- No ammonia
- No bleach
- No APE's, NPE's, NTA or EDTA
- No Carcinogens
- Not regulated by Transport or Dangerous Goods Regulation (TDG)
- Effective in cold water
- Reduce. Re-use. Recycle.
- All of our containers are fully recyclable
- Our boxes contain at least 50% recycled fibre
- Our 4L bottles are made with at least 25% post-consumer waste
- Our labels use FDA approved vegetable based ink
